2022

# All in one place.

With our philosophy, we can go directly to the primary producer and in this way reduce costs by 30%.

Grow-Farms wants to change the way of doing business in agriculture, through an agile, fast and safe platform b2b Marketplace.

We seek to optimize the agri-food chain by working directly with sellers and direct buyers.

Slaughterhouse ~ Seller

Expocarnes, we are a family business, which was founded in 2010. Although the family is natives of Arata, La Pampa. The beginnings of the company were in General Alvear; Mendoza, where We inherited from our grandfather the infrastructure, captive clients, etc. In 2010 We began to work in that city, distributing half cows throughout the city, neighboring cities and in own points of sale to the public (butchers).

Mainly products

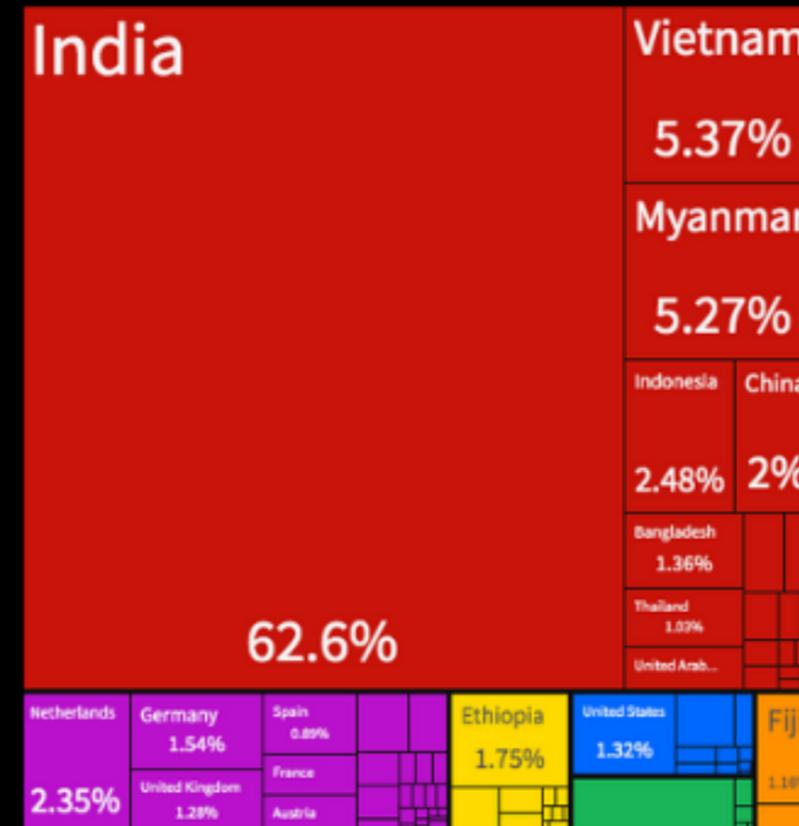

# Relevant data to make appropriate decisions.
